

How to install your bunk net

- 1 Remove mattress.
- 2 Place bunk net with silver side up.
Check if final height of bunk net is ok.
- 3 Choose hole in webbing closest to the front edge of the seat.
Fix 5 x screw through webbing.
- 4 Cut rest piece of webbing in between the stitching.
- 6 Fix bunk net to both sides with D-ring.
Apply your own fixation method.
- 8 Stow away underneath the mattress when not used.
