

How to install your sailcover

- 1 Place the cover over the main sail.
- 2 Pull the zipper together and close.
- 3 Fix the cover around the mast with the Velcro straps. Fasten with the buckle.
- 4 Define cover length to fit your own beam with separate flap at the rear. Adjust double layer of flap and fix with Velcro.
- 5 Attach the rear end of the cover with cord to the beam.
- 6 Fasten the cover around the sail with the buckles.
